Features:

It's Built to Move

Designed with "anytime, anywhere" in mind, with industrial-grade wheels and an extending handle. SuperBase Pro 1500 is always ready to roll.

Sized Just Right with 1,440Wh Capacity

Take SuperBase Pro 1500 on your next camping trip and enjoy long-lasting power for your laptop, led lamps, drone, projector, and more.

13ms UPS Backup Power

If the power goes out, SuperBase Pro 1500 will switch over to battery power automatically.

Built-in GPS and 4G IoT

Manage your power station from anywhere using the Zendure app. Check the location, remaining charge, and output power of your SuperBase Pro 1500, all in real-time.

Recharge to 75% in just one hour

SuperBase Pro 1500 supports 5 ways to recharge. With the GridFlow and PVMax technology, you can charge it up to 1,800W from an adequate AC outlet or solar panels. Fully charge just take two hours.

2,000W AC Output, AmpUp for 3,000W

Power your microwave, washing machine, coffee maker, or other essentials around the house, worry-free.

14 outputs and 6.1" display

Over 20 pieces of relevant data, at your fingertips.

Longer Life Cycles

SuperBase Pro 1500 uses LiFePo4 batteries to achieve longer life cycles with high capacity. This unit can run 6,000 cycles to 60% capacity.

Specifications:

Product:	SuperBase Pro 1500	Output:	6 x AC*: 2,000W Max (100-120V), peak 4,000W; 2,000W Max (220-240V) 1 x Car Outlet: 13.6V/10A Max 3 x DC5521: 13.6V/10A Max
Capacity:	1,440Wh		
Battery Cells:	LiFePo4		
Cycle Life (60%):	6,000		
Weight:	18.8kg		
Dimensions:	17.56 × 10.51 × 13.86 inches (44.6 × 27.6 × 35.2cm)	Input:	AC Input: 1,800W DC Input: XT60; 12V-60V, 10A/600W Max
UPS Switching Speed:	13ms	Display:	6.1" Large Color LCD

*EU version has 4 AC outputs.
